CONTENTS

Special Issue: Emotion Dysregulation and Emerging Psychopathology

Special Issue Editorial

Theodore P. Beauchaine and Dante Cicchetti 799 Emotion dysregulation and emerging psychopathology: A transdiagnostic, transdisciplinary perspective

Special Issue Articles

Ross A. Thompson 805 Emotion dysregulation: A theme in search of definition

Helen M. Milojevich, Kate E. Norwalk, and Margaret A. Sheridan 847 Deprivation and threat, emotion dysregulation, and psychopathology: Concurrent and longitudinal associations

Elise M. Cardinale, Anni R. Subar, Melissa A. Brotman, Ellen Leibenluft, Katharina Kircanski, and Daniel S. Pine 859 Inhibitory control and emotion dysregulation: A framework for research on anxiety

Emotion regulation processes linking peer victimization to anxiety and depression symptoms in adolescence

Early life stress, cortisol, frontolimbic connectivity, and depressive symptoms during puberty

Emotion dysregulation, temperamental vulnerability, and parental depression in adolescents: Correspondence between physiological and informant-report measures

Neural correlates of emotion processing predict resilience in youth at familial risk for mood disorders

Resting state coupling between the amygdala and ventromedial prefrontal cortex is related to household income in childhood and indexes future psychological vulnerability to stress

Excitability and irritability in preschoolers predicts later psychopathology: The importance of positive and negative emotion dysregulation

Trait neuroticism and emotion neurocircuitry: Functional magnetic resonance imaging evidence for a failure in emotion regulation

Adverse childhood experiences predict autonomic indices of emotion dysregulation and negative emotional cue-elicited craving among female opioid-treated chronic pain patients

Emotional insecurity as a mediator of the moderating role of dopamine genes in the association between interparental conflict and youth externalizing problems
Tuning of brain–autonomic coupling by prior threat exposure: Implications for internalizing problems in Mexican-origin adolescents

DAVID G. WEISSMAN, AMANDA E. GUYER, EMILIO FERRER, RICHARD W. ROBINS, AND PAUL D. HASTINGS

Borderline personality disorder and emotion dysregulation

ALEXANDER L. CHAPMAN

The intergenerational transmission of childhood maltreatment: Nonspecificity of maltreatment type and associations with borderline personality pathology

SARAH E. PAUL, MICHAEL J. BOUDREAUX, ERIN BONDY, JENNIFER L. TACKETT, THOMAS F. OLMANN, AND RYAN BOGDAN

Autonomic complexity and emotion (dys-)regulation in early childhood across high- and low-risk contexts

DANIEL BERRY, ALYSSA R. PALMER, REBECCA DISTEFANO, AND ANN S. MASTEN

Emotion dysregulation as a dynamic process

PAMELA M. COLE, K. ASHANA RAMSOOK, AND NILAM RAM
